

# PROGRAMMING ADVANCED FEEDBACK WITH ARDUINO

# FASTLED LIBRARY

**Documentation here:**

[https://github.com/FastLED/FastLED/  
wiki/OverviewGrove-Chainable\\_RGB\\_LED/](https://github.com/FastLED/FastLED/wiki/OverviewGrove-Chainable_RGB_LED/)

## CHALLENGE 2:

Can you make the RGB LED  
fade in and out?

### HINT:

Do you remember how to use the “for” loop construct?

If not, maybe have a look at the Arduino Online reference.
